Moving towards new dimension

Now a days the word “PROGRESSIVE” has lost its real meaning. Presently, the society is suspecting the concept of “PROGRESSIVENESS”! Social reformers namely Lord Buddha, Father Periyar, Jyothi Ba Pule, Savithri Bai Pule, Dr.B.R.Ambedkar etc., all were used 'Progressiveness” for the dimensional reformation of society and also achieved success. “Progressiveness” took birth on the basis of secular values, but later on lost its credibility due to selfishness, cunningness, low thinking, mean mentality of human.

We must be careful about few self-styled selective Progressive thinkers. While teaching reformations on public lectures, such self-styled selective and progressive thinkers uses the names of great souls such as Lord Buddha, Periyar, Jyothi Ba Pule, Savithri Bai Pule, Dr.B.R.Ambedkar etc., whereas these thinkers are internally very much poisonous racists . Though living in around such hypocrite atmosphere, we have the responsibility of maintaining minimum humanity and wisdom hospitality. All of us shall become human beings only if we create and develop the existence of society by like minded workforce on development of poor children and poor women.

P. George
(Founder)

EDUCATE & ORGANIZE ®

AIM :	OBJECTIVE :
Formation of Exploitation free society	Protection of Human Rights

Also registered at Department of Women and Child Development.

Mr. P. George is the founder of the organization. Motto of the organization is Formation of Exploitation-free society. Object: Protection of Human Rights. Having these Motto and object, this organization is very much active since past 10 years in the field of protecting down trodden community, Conservation of Women and Children Rights, Fundamental Rights, Right to Education, Right to Employment, Right to Health, Right to Shelter, Right to Food etc.,. Active in conducting demand movement for right, protests and protection of human rights through legal battle with the Government.

This organization is moving ahead with service dimension by maintaining Old age home, conducting free evening class, free computer training, Health remedy for H.I.V. affected people, Automated consoling centers for resolving family disputes, health checkup camps, Blood donation camps, training related to information/knowledge, conducting cultural programs to expose talent of children and other activities.

URUGOLU (OLD AGE HOME)

We, “Educate and Organize” institution is successfully running long dreamed “Urugolu” old age home since past 5 years providing food-cloth-shelter to aged people. This institution is well known to the department of Women and Child Development. Among 40 aged persons, 27 female and 13 male are registered who are from poor family, spouseless, childless and no caretakers and also thrown out of house by their children. We are providing free nutrition food, Medical treatment, Yoga, counseling with maintaining full record of every registered old person and serving within statutory frame with support of 12 staff members.

Program for collection of resources & Food grains:

Office bearers and staff used to collect monthly required resources from the Donors. Articles, Food grains, daily usable household articles and other resources will be collected and used for old age home.

Ground Floor consists of a big hall with capacity for 40 female persons with accommodation of 1 kitchen, 1 dressing room, 3 Bathrooms and 4 Toilets.

First Floor consists of a big hall with capacity for 40 male persons with accommodation of office room, 1 dressing room, 3 Bathrooms and 4 Toilets. Aqua Guard drinking water facility and Gujarat Geyser for hot water. Cooking with firewood.

Health check-up program for the Aged:

We conduct free health check-up camp on every Saturday for the aged persons of “Urugolu” headed by medical staff of Kadabagere Panchayat Primary Health Center who will also provide medicines whatever available with them. It helps the aged persons of “Oorugolu” for their good health.

Exercise & Yoga:

“Urugolu” will organize free Yoga and physical exercise for the aged persons of “Urugolu” with co-ordination of Sri Yogadharma Swyam Seva Samsthe. It helps the aged people to have good health at this age.

Counseling for the aged:

“Urugolu” will conduct individual counseling for every aged persons of “Urugolu”. Many of them are admitted on various grounds and hence this kind of individual counseling and discussion with them will help for positive thoughts among them. Counseling for parents also provided.

Entertaining the aged persons of “Urugolu” :

“Urugolu” will organize weekly cultural activities for the aged persons through folk songs, sports program, Cinema, weekend entertaining programs enable to keep them ever happy.

Health awareness program:

“Urugolu” will conduct health awareness program for the aged persons about their health and food system through Doctors of Primary Health Center.

Training workshop for the office bearers & Staff of “Urugolu”:

Training workshop will be conducted for the office bearers and staff of “Urugolu”, who are like minded on social service and treating as their fundamental duty to serve the society. Training will given by the experienced resource personnel.

Monthly meeting of “Urugolu” :

Our institution will conduct monthly meeting to discuss on food, medical, health and other issues with the interest of overall development of “Urugolu” including publicity and bringing orphan old age persons, accountability etc., and co-ordination with office bearers, staff and advise, suggestion of Donors.

Right to Children and Education

Education is our fundamental right. Today's children are Citizen of Tomorrow. These children are future of our nation. Keeping the children in the mind, the Government should enforce morality. Today education has become business. Poor and middle class children are becoming “drop outs” due to poverty and other financial problems. We are witnessing forcible child labour. Work has been started with motto of developing good aim among children and providing facilities to continue their education and enable them to design their life towards socio-economic development within themselves. Our organization is active with aim in motivating children of all section to have education.

Right to Women and Health:

Women are the backbone of this country. Due to many reasons, there is steep increase of families migrating to Bangalore from various states, districts. Thousands of unorganized women are suffering from health related problems who are struggling to lead their life by working as Pura Karmika, building construction, house maid servants, working at garments. But they are neglecting their health. In most of the small and cottage industries such as Beedi, Agarbathi, Candles etc., there are 85% of workers are women. There is no equal salary, there is no minimum justified wages, they have no own house. Even today there is scarcity for water, day-by-day increase of domestic violence on women, atrocity, drinkers beating house wife, gang rapes on women in the society etc.,. Lonely women, widows and even H.I.V. affected families are facing problems. Our organization is active in identifying such problems and finding solutions to solve these issues. Conducting awareness programs for women, legal remedy information, providing self-employment facilities, formation of self-empowerment groups, help of educational continuity to children of poor children, guiding HIV affected women and children to reap the benefit scheme of Government.

Right to Shelter:

Main reason for all these is nothing but lack of shelter, lack of toilets to women and girls, lack of nutrition food, lack of free medicine, Governmental schemes are not reaching the needy etc.,. We advocate at Government level on behalf of needy people to development Slum at Bangalore City in view of urban development and to provide permanent shelter to such evacuated people. Extended shelter facilities for down trodden community and HIV affected 160 families who are treated as untouchable in the society. Similarly, submitted proposal to the Government for providing shelter to 2580 families of widows, physically challenged, transgender, freed from Leprosy and various workmen of un-organized sector, order has been already issued from the Government in this regard. Our organization is moving successfully among the people and picking-up their grievances to resolve and construct healthy society.

Right to Employment:

After completion of their education, youth are not getting suitable job. There is not direct recruitment by the Government. Youth are struggling to get suitable job after completion their education. We are witnessing such situation that there is no proper guidance for them.

Therefore, our organization is successfully conducting self-employment training, proper guiding workshops, information on facilities from Governmental schemes, Social-economic issues, guided more than 280 youths.

We, "Educate and Organize" institution is successfully running long dreamed "Oorugolu" old age home since past 5 years providing food-cloth-shelter to aged people. This institution is well known to the department of Women and Child Development. Among 20 aged persons are registered who are from poor family, spouseless, childless and no caretakers and also thrown out of house by their children. We are providing free nutrition food, Medical treatment, Yoga, counselling with maintaining full record of every registered old person and serving within statutory frame.
